SENECA HOSTS DIXIE YOUTH BASEBALL CHAMPIONSHIP TOURNAMENT

Division II AAA Dixie Youth 10 & Under

12 Teams Compete for Championship

Seneca was honored to host a dozen 10 & under baseball teams from the Dixie Youth baseball league July 7 -13 as they vied for the state championship in their division and age category. The City of Seneca Recreation department worked tirelessly getting ready for the event to make sure the Shaver Recreation Complex facilities were in top-notch condition, all efforts aimed at assuring sure the players and their families had everything they needed to make their time in Seneca a week they would never forget.

Ultimately, it came down to two teams in the championship game on Thursday, July XX, with the Pee Dee Team (Pee Dee, SC) prevailing and the Lake View Team (Lake View, SC) the runner-up team.

Thank you to all the teams and families who made our week with them both a blessing and a wonderful memory!

Champions!

Pee Dee Team from Pee Dee, SC

Shaver Recreation Department Tournament Team

Front row (l to r): Michelle Robinson, Rick Lacey, Jonathan Ridley, Garrett White
Back row (l to r): Terry Mullikin, Casey Alexander, Justin Merck, Landon McLane

Important Information for

Seneca Light & Water customers

Upcoming changes to your SL&W utility bill

Changes to how your sewer charges will appear on your utility bill:

In the past, charges for sewer services have been shown as one amount which included (1) services provided to you by the City of Seneca's wastewater collection system; and, (2) services provided to you by the Oconee Joint Regional Sewer Authority (OJRSA).

What do those two sewer charges represent?

The City of Seneca sewer fee is for sewer collection, while the OJRSA charge primarily represents the cost of sewer treatment.

The sewer charges for your sewer services will now be broken into two separate charges: (1) the charge levied by the City of Seneca, and the (2) charge levied by OJRSA.

Since 2020, OJRSA has increased its rates 100% to SL&W, which results in a 100% increase to you, the customer. Those increases have not been clearly defined on your SL&W bill. We are now showing these two sewer charges separately so that you can easily see where your money is going.

In early 2023, the OJRSA Board of Directors made the decision to alter the method of billing for treatment services. The new method created a per 1000 gallon charge equivalent to how the cities bill for services.

Because of the increased charges by OJRSA since 2020, there will be an increase in OJRSA sewer charges on your bill which will result in an average increase of \$10 to \$12 per household, depending upon your sewer usage.

A new Electric Restricted Fund Charge on your utility bill:

The City of Seneca purchases wholesale electric power in order to provide electricity to its customers. Electric wholesale supplier rates are increasing by 10 to 20%. As our existing contracts with these suppliers expire, the City of Seneca finds it necessary to prepare for these increases, which means you as our customer will see an increase through the new Electric Restricted Fund Charge on your utility bill.

Seneca Light & Water is committed to keeping increases in your utility bill as small as possible, while at the same time, continuing to provide dependable, affordable electricity to your home. Our philosophy is to prepare for the future instead of reacting to larger unexpected rate increases being experienced nationwide. **This new electric restricted fund charge will result in a slight increase in your monthly electricity bill.**

And, your August schedule for Jazz on the Alley!
